# UNIQUE BEDS FOR UNIQUE KIDS

Kids Beds shown with optional colour co-ordinated powder coated frame and mattress base

“Kids Hospital Beds” are largely based on our popular Standard Bed.

Introducing the all new “Kids Beds”. Designed to appeal to children’s imaginations and sense of fun.

We took our popular Standard Bed and added colour and design. However, underneath it all, the same high quality components and reliability remain in place and can be configured by adding of the optional extras listed for our Standard High-Low Bed. (Refer to page 3 for Standard inclusions and the full list Optional Extras)

**DEWERT**

Dewert electronics ensures the safety of your staff and residents.

**Kids Bed**

**Kids Bed with Knee Bend**

**POA**

Kids beds are available powder coated in “white” with designer pink / blue head boards (shown above), to enable normal head boards to be fitted later when kids bed colours are no longer required.

Optional Matching Over Bed Table
