

SAFECARE HUNTINGTONS FLOOR BED MAIN FEATURES

Australia's Best Selling Low Level Bed.

Currently the lowest floor bed available on the market with a lowered height of only **50mm** to minimise injury from falls.

UNIQUE BENEFITS:

- When the Mattress platform is raised, the end columns remain at the same low fixed height (illustrated) so they don't obstruct your view of the resident.
- Headboard designed to prevent hair entrapment.
- Standard head and foot boards included for easy conversion to universal use.

Optional folding feature

Evo bed mover now available to suit our range of SafeCare and Standard beds.

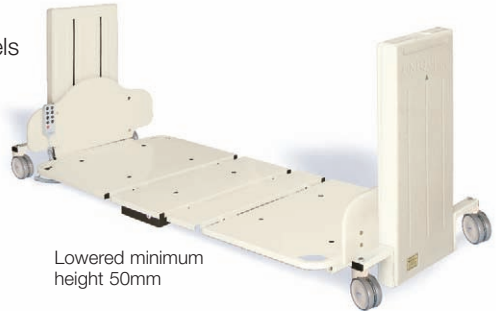

Created by Unique Care, the SafeCare Huntingtons Floor Bed combines the most advanced safety features with a modern streamlined design. Currently the lowest floor bed available on the market with a lowered height of only 50mm to minimise injury from falls.

This visually appealing design combines the highest quality components and workmanship with our consistently competitive prices.
